PULASKI, TENN.,  
FRIDAY MORNING, MAY 25th, 1866.

Ice Cream, Cakes, Candies, &c.

We acknowledge ourselves indebted to our young friends, WOODRUM & Co., of the Ice-cream saloon for a rare treat of strawberries, ice-cream, cakes, &c. There could be but one objection to the treat. It did not last long enough.

The Election.

The polls were opened in this county yesterday, and an election held in obedience to the Constitution and laws of Tennessee, for the purpose of electing an Attorney General for this Judicial Circuit. Major Frank Matthews, of Lawrence, received 136 votes at this place, and Cowden, of Marshall, 11.

Next Week.

We will give our readers another article from Prentice on Brownlow—a Political General's Soliloquy, by Brick Pomeroy—an interesting article on Cotton—a most astonishing account of the discovery of a lost city in Mexico—together with other interesting news and miscellaneous items.

To Our Friends.

We invite the attention of all friends of us and our paper, to our reduced club rates. Clubs of 5 and not over 10 will be furnished at \$3.50 each. Clubs of 10 and upwards at \$3.00 each.

Now that offices have been re-established at Elkton, Bodenham, Buford Station, Lynville, Campbellsville, Brick Church and Cornersville, we hope our former generous friends in those neighborhoods will exert themselves a little to extend our circulation, and thereby aid us in making a living for our little flock, during the coming summer months. The times are distressingly hard, but we must help each other.

The ladies of the South have strewn the graves of the Confederate dead with flowers, and this beautiful and touching tribute is to be renewed annually.

The Columbia Herald, of 12th inst., says: "We learn that two negro infants were discovered drowned in a branch on the farm of Colonel Andrew J. Polk, on Monday last. They had been thrown there by their mothers, who, we learn, gave as a reason their inability to support them."

PRESIDENT JOHNSON has ordered the Secretary of War to forward an unlimited supply of provisions to the destitute and suffering of Alabama. Gen. Grant vouched for their loyalty.

Seven different commissions will soon be engaged in ascertaining the facts relative to the Memphis riot. Congress has appointed a commission, Gen. Stoneman another, Gen. Howard a third, Gen. Fisk a fourth, the City Council a fifth, the white citizens a sixth and the negroes a seventh.

The first number of the Clarksville Express, a new weekly, has appeared. Messrs. Barton, Solomon and Williams proprietors.

There are only two States in the Union where the negro is allowed to vote without property qualifications—Vermont and New Hampshire—the former of which has eighty negro voters, and the latter one hundred and ninety.

"THE HERMITAGE," Andrew Jackson's estate, twelve miles south-east of Nashville, has been offered by Tennessee to the United States, conditional upon a branch of the West Point Academy being located thereon.

In the decoration by the Southern ladies of the graves of fallen soldiers, on the 26th ult., special honors were paid to the resting place of Wm. L. Yancey, at Montgomery.

The indictment against Jeff. Davis formally charges him with having been instigated by the devil. Whether his satanic majesty is to be tried for conspiracy doesn't appear. As he is the instigator and therefore the greater criminal, we are in favor of allowing Davis to turn State's evidence, only Old Brimstone might have too many friends on the bench.—Louisville Democrat.

THREE of the four new Bishops, recently elected by the Methodist General Conference at New Orleans, are said to be ex-actors.

From Washington.  
WASHINGTON, May 21.—A rumor is current in the city that Gen. Howard is considering the propriety of resigning his position as head of the Freedmen's Bureau. The President is preparing a proclamation to explain that his recent peace proclamation abrogated martial law throughout the South, and that this one is necessary to disabuse the public mind that military interference in the coming Jeff. Davis trial will prevent an expression of a jury.

To-morrow is the day fixed by the Senate for taking up the constitutional amendment reported by the Reconstruction Committee, and already passed by the House. It is safe to say that the proposed amendments will not pass the Senate in their present form. Especial objection will be taken to the famous third section, which asks the South to disfranchise itself until 1870; but whether it will be modified or wholly stricken out, cannot at present be foretold. Very little interest is manifested by any one in the approaching debate and contest. A lethargy, more alarming than high excitement, is generally visible.

Federal Strength During the War.

WASHINGTON, May 20.—The official records of the War Department show that when President Lincoln, in 1861, called for 75,000 volunteers for three months service, the army of the United States had on its rolls 14,000 men. During the ensuing four years, 2,688,532 men enlisted, of which 2,408,103 left the army alive. Of these, 184,830 died of disease. The number of white troops enlisted was about 2,500,000; the number of deaths among them 251,122, or one of every ten. The number of colored troops was 180,000, of which number 29,298 died, or about one of every six.

The Cotton Market.

The Nashville Banner, of 22d inst., says the wise ones who have held onto their cotton may be pardoned a hearty chuckle at their own prudent calculations. They have not been disappointed in their hopes of a material advance.

Cotton was sold to-day at a rise of 1¢ on yesterday's figures—52 bales having changed hands at 30¢. We also note transactions of 25 bales at 30¢; 19 at 28¢; 4 at 27¢, and 3 at 24¢. Holders are firm in their demands. A lot of 200 bales was withdrawn from the market, buyers manifesting less interest towards evening, and not offering over 23¢. The market closed quiet at 29¢30.

Our night dispatches from New York give a very firm market at 38¢40.

RATES OF POSTAGE.

In consequence of the general ignorance in the South of the rules of postage established by law, many letters of importance are daily lost to those interested by being improperly or insufficiently stamped. The regulations require that all such letters dropped into post offices shall be immediately forwarded to the Dead Letter office, where they are never heard from unless they contain money, or other enclosures of value. We give below some information which may prevent violation to correspondents.
